PRODUCT CANCELLATION POLICY

Dometic Environmental manufactures a broad range of products that are made available to our extensive customer base in two distinct categories:

1. The majority of our sales volume is derived from products that are ordered on a consistent basis and therefore are placed into our Stocking Profile Matrix (SPM). These items are classified as Standard/Stock because we generally have multiple customers for like items and we produce these products on a continuous basis.
2. We also offer for sale, a wide variety of products that do not meet the criteria for SPM but we have established part numbers along with current pricing for them. These products are manufactured as the result of a specific customer's request and are only built to order. To distinguish between SPM products and these products, we classify them in our computer system as Active Special Order. So that we continue to meet the demands of all customers and stay flexible with our manufacturing mix, these products are only built to order.

In order to ensure that we make the best use of our resources, we find it necessary to establish a firm order cancellation policy and in some cases request a deposit before an order is started in manufacturing.

Any product ordered that is categorized as “active special order” will be considered non-cancellable. In addition, we **reserve the right to request a deposit on any order that contains items that are designated as “active special order”.** The status of all parts can be viewed on the E-Dometic website at anytime.

How does this work? Once the order is acknowledged, a deposit is received (if requested) and the parts ordering/manufacturing process is started, these items are non-cancellable.

An exception to the above is the process for Custom Wood Grilles and Custom Plenums. These items can be cancelled up to 5 business days prior to scheduled ship date.

Definitions:

- | | | |
|----|----------------------------------|--|
| 1. | Stocking Profile (A) | Products that are regularly sold and have activity at least 70% of the past 12 months or 100% of the past 3 months. (will show Active in the computer) |
| 2. | Active Saleable (A) | All items sold or used at least four out of the past twelve months. |
| 3. | Active Special Order (AS) | All items sold or used less than four out of the past twelve months. Items being replaced or no longer used in production. Active Special Order is also specified as a product that only has one customer. |
| 4. | Obsolete (K) | Items with no history in the past eighteen months. |

All order confirmations clearly indicate if an item ordered is a special order. If you buy direct from Dometic you have access to our E-Dometic site that shows the status of all parts. If you purchase through a Dealer or Distributor please contact them in advance of placing your order if you are uncertain about the status of the part you are ordering and have them confirm status for you.
